

Book Exchange: Deliverable 1

1- Choose A Problem To Solve

Books on campus are far too expensive when bought from the book store. Students have very few reasonably priced options when forced to buy books at the beginning of each and every semester.

2-Creating a team

Maia Thomas
Cyro Kamogawa
Payton Dwight
Matt Standley
Jack Miller

3-Mission Statement

Textbooks and readers for college courses are too expensive. Often times you buy the book for an exorbitantly high price and then are forced to sell it back to the school for a fraction of what you paid originally. Our book exchange will create a platform for students to search by department for students looking to sell or trade books. By giving students an opportunity to collaborate together to provide each other with books, we hope to lessen the financial stress placed on all students at the beginning of each semester.

4-Team Roles

Payton Dwight - Product/Engineering Manager
Maia Thomas - Design Manager
Cyro Kamogawa - Design Manager
Matt Standley - Engineering Manager
Jack Miller - Product Manager
